## MARKET ANALYST / BUSINESS ECONOMIST

***A unique opportunity to work as a private sector economist for an international economic research consultancy, based out of Numera's LatAm office in Buenos Aires.***

*Nos encontramos a la búsqueda de un analista económico / de mercado para formar parte de nuestra práctica de investigación sectorial, basado en la oficina regional de Buenos Aires.*

### Who we are

Numera Analytics is a global provider of macroeconomic and sectoral research. Our team of accomplished economists produces comprehensive research and analysis to help shape investment decisions, commercial strategy and risk management. We cater to a varied clientele of institutional investors and multinational firms.

Our sectoral research practice operates as an extension of our client's business intelligence divisions. We help connect the dots between developments in the real economy, the manufacturing sector, and the end-use markets that drive market conditions in specific industrial and commodity sectors. We are the world's most dependable source of information for the global forest products and related industries.

### Position profile

As a **Market Analyst/Business Economist**, your primary mandate will be to track, analyze and report on key factors and developments impacting a specific sector, typically in the commodities and materials markets.

### Your key responsibilities include:

- Researching, collecting and analyzing statistics and information on key factors and trends impacting a given sector;
- Writing on key developments in succinct monthly industrial reports;
- Assisting the team in assessing aspects such as global supply and demand conditions, market projections, macroeconomic environment, manufacturing activity, competing products, etc.;
- Serving as a trusted client contact while delivering consummate customer service and relationship management.

**Required profile:**

Your interest in **macroeconomics in a business context** coupled with your thoroughness, integrity and team spirit make you an excellent candidate if you also have:

- higher education in economics or a relevant related discipline;
- prior confirmed experience in a similar role;
- **English-language journalistic writing** skills and the ability to effectively communicate results in a convincing and engaging manner;
- advanced knowledge of Excel.

If you are interested in joining a team of experienced business economists, send us your application confidentially at the following address: [jobs@numeraanalytics.com](mailto:jobs@numeraanalytics.com).
